

MR Monolith NAND adapters are high quality special adapters for microSD, SD, UFD, and EMMC flash memory using NAND protocol without soldering. The MR adapters are compatible with devices such as VNR (Rusolut), Flash Extractor (Soft Center) and PC3000 Flash (Ace Laboratory).

MicroSD NAND MR20 Adapter

\$340.00

Part#: AP-MR-MICROSD-20
MicroSD Monolith Adapters

SD NAND MR29 Adapter

\$450.00

Part#: AP-MR-SD-29
SD Monolith Adapters

UFD NAND MR19 Adapter

\$340.00

Part#: AP-MR-UFD-19
UFD (USB) Monolith Adapters

ACE Converter for PC3000 Flash

\$35.00

Part#: AP-MR-PC3-F
Ace Converters

Teel Technologies represents the full line of Multi-Recovery products. See TeelTech.com for the complete list of adapters.

Specifications:

- Made from solid monolith block of TecaFORM-H and brushed aluminum for durability made in Germany
- Special high quality pogo contact pins are used for specialized laboratory tests
- Ready to work on standard pinouts (pinout delivered with adapter) and alternatives by special add-ons

Universal Tool for all devices, ie:

- Visual NAND Reconstructor (VNR) - Rusolut
- PC3000 Flash - Ace Laboratory
- Flash Extractor - Soft Center

Advantages of our tools:

- Read data from NAND chips without soldering or desoldering
- Precise and accurate
- Access to all NAND and eMMC pins
- Analyze signals and find custom pinouts without the need to solder
- No special skills required

Additional functions:

- Direct read and write memory via MMC and eMMC
- Extraction XOR using EXSD adapter
- Pattern/LBA write via MMC and eMMC
